

# Insurance for Outbound and Inbound

## Outbound Students-

For our outbound students the Host district determines what insurance the student should purchase. It is our agreement with our Outbound student to provide them with Medical Insurance while they are on the exchange as part of their fee.

If the Host District requires the exchange student to purchase their Medical Insurance, then we will reimburse the student for the cost of that insurance and purchase a policy that will cover them while they are traveling.

Otherwise we will purchase a Medical Insurance policy issued by a US company while they are on the exchange.

For our Inbound Students we have the student purchase our Insurance except for the counties of Denmark and Sweden which provide insurance since they have a claims office in the US.

The chart on the next page shows insurance coverage and by whom.

Please keep in mind that this could change from year to year.
